

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

That's a God-awful idea -- an airplane is probably the last refuge nowadays where one isn't subjected to the effects of ignorant people abusing those horrible contraptions. Besides, the fact remains there is no hard evidence that cell phone use doesn't interfere with navigational instruments.

So for personal sanity and airline safety, please do not loosen these restrictions! Leave the current rules in effect.

Sincerely,
